UET20321 Certificate II in ESI - Powerline Vegetation Control

Enrol now and gain the skills and knowledge for work in powerline vegetation control.

The Certificate II in ESI - Powerline Vegetation Control provides student with the skills and knowledge to work in the electricity supply industry (ESI) or the vegetation control industry as a Powerline Vegetation Control Worker.

This qualification covers vegetation control work at and above ground level in the vicinity of live electrical apparatus. It also includes complying with relevant legislation, applicable industry guidelines, codes of practices or other related requirements for safe work in the vicinity of live electrical apparatus.

Common Units

UETDREL002	Comply with environmental requirements
UETDREL006	Work safely in the vicinity of live electrical apparatus as a non-electrical worker
UETDRVC001	Apply work health and safety requirements for powerline vegetation control
UETDRVC009	Monitor vegetation control work in the vicinity of live electrical apparatus
UETDRVC007	Control vegetation using pruning techniques
AHCMOM213	Operate and maintain chainsaws*

*This unit is an entry requirement and is not delivered as part of the course.

Entry Requirements

To be selected for entry into UET20321 Certificate II in ESI – Powerline Vegetation Control, applicants are required to complete a suitability review, a task participation and medical checklist and a language, literacy and numeracy (LLN) evaluation, prior to enrolment.

Applicants must also:

- Be currently employed within the vegetation management industry and have access to workplace policies and procedures
- Be able to demonstrate completion of AHCMOM213 Operate and maintain chainsaw (or equivalent)
- Hold a current boom-type elevated work platform (WP) high risk work licence if seeking to enrol into the EWP Stream

Elective Units (4 stream options available - select one only)

EWP Stream	UETDRVC004	Control vegetation in the vicinity of live electrical apparatus from an elevated work platform
	UETDRVC005	Control vegetation in the vicinity of live electrical apparatus from ground level
Climbing Stream	UETDRVC006	Control vegetation in the vicinity of live electrical apparatus from within the tree
	UETDRVC010	Perform rescue from within a tree in the vicinity of live electrical apparatus
Assessor Stream	UETDRVC002	Assess vegetation in an electricity supply industry environment
	AHPCPM204	Recognise plants
Ground Worker	UETDRVC005	Control vegetation in the vicinity of live electrical apparatus from ground level
	FWPHAR2208	Operate a mobile chipper/mulcher

Get trained in the Arboriculture Industry!

Arbortrim is Australia's leading provider of arboriculture qualifications. We work closely with industry to ensure our programs are relevant and effective and that they are improving the quality of arboriculture work in Australia.
